Our drivers are happy to assist in unloading material up to a 30 gallon. For larger trees, though, proper machinery must be onsite and used. No hand unloading will be allowed for larger than a 65g. If the required equipment is not present at the time of delivery, our driver will be required to return to the nursery without unloading, and a restocking fee may apply.

Return Policy
We strive to consistently provide high quality material pulled and delivered promptly. If our product does not meet your quality standards or expectations, we are happy to take it back and adjust your invoice. Material that has been previously approved will be subject to a 20% restocking fee if rejected at the time of delivery. Abandoned pick-up orders may also incur restocking fees.
